DIE PERLEN VON MARBELLA

Lunch at Nikki Beach, White Night in Nikki Beach

The famous “White Night” at the Nikki Beach Club in Marbella marked the start of the summer season. The day before this I met friends for lunch there in preparation for the long night. A huge surprise and a joyful reunion awaited me here: The exclusive highly-talented designer team “Narys 1911” from Paris had flown in especially for the “White Night”. In my column in May I had already presented the extraordinary “Narys 1911 Modèle d’Été” – but now it was to be celebrated for the first time... and this was something the smart boys from “Narys 1911” certainly knew how to do. It was an unforgettable night.

***Hotel opening with
Fashion Show: SISU Adult
Boutique Hotel in Puerto
Banus***

June had a lot to offer: The Adult Boutique hotel SISU, in the prime location of the legendary yacht club in Puerto Banus, allured people to a stylish opening party with a fashion show in the surrounds of the private, beautifully shaped pool area containing round beds and a DJ. With sushi and rose champagne we examined the new layout of the hotel and marveled at the entertainment team. To compliment this, the women present were encouraged to try on the long flowing ball gowns designed by Barbara Weber for the fashion show.

Inge as a work of art

June also managed to warm the cockles. I was a model for the renowned exceptional artist Julie Bourgeois' new art project "Fishheads". After a long photo session – the result being 800 photos! – the artist Julie Bourgeois went about her avant-garde ArtWork. Do you like the results? Together with 5 other models we posed standing, sitting and lying for Julie Bourgeois' artistic and creative ideas. The icing on the cake was a successful and ever so exciting vernissage at the art gallery "House of Art" in the Marbella Club.

***Royal Ascot Lady's Day in
the Hipodromo in Marbella.***

Get you hats on! Attending “Royal Ascot Ladies Day”, the biggest horse race in Marbella’s Hipodromo, without a hat, would be something of an inexcusable faux pas. As the “face” of this major event in the local “Le Chic” I tried to go casual with a cowboy hat. In the column after next I will give an account of the big race containing the all the photos and the most outlandish hats.

***Visit to the award-winning
Designer Urbanization
“Meisho Hills”***

One of my favorite urbanizations in the stylish Sierra Blanca is the “Meisho Blanca” urbanization. This award-winning designer urbanization leaves nothing to be desired in terms of being the most modern and utilizing the most perfect housing technology and aesthetic design. The infinity pool located on its own terrace and the bright spacious staircase with indoor lift will surely help whet your appetite for the rest of the house come. I will show you more of this in my next column.

I look forward to seeing you again next month.

Yours,
Inge Rinkhoff
